

## HP Latex 800 W Printer

Win high-value jobs with white ink and productive printing—and sharpen your sustainability edge

### Expand into white, produce the highest value iobs

- Extend your portfolio into high-margin stickers and window graphics with the whitest white.1
- Print white without complexity—automatic recirculation and printhead cleaning reduce manual purging.
- Deliver vivid colors at high speed, get striking contrast using pure blacks, and expect sharp 4-
- Choose from a wide application range covering banners/textiles/poster paper, canvas, wallpaper, and vinyl.

### Robust, smart, and productive printing

- Drive high productivity with saturated color at speeds up to 388 ft<sup>2</sup>/hr outdoor<sup>2</sup>, easy spindleless loading.
- · Control print operations virtually anytime, anywhere with HP PrintOS tools, and grow with HP
- Work fast processing reprints and multi-copy jobs with a smart front panel, and store up to 100 jobs.
- Help reduce running costs with cost-effective 3liter HP ink cartridges, changed while the printer

# Sharpen your sustainability edge with HP

- Innovative water-based HP Latex Inks—no HAPs<sup>3</sup>, no required hazard warning labels, and odorless prints.4
- Local HP Eco-Carton outer carton recycling.<sup>5</sup>
- Choose from a wide range of compatible ecoconscious media.6
- HP Latex prints are recyclable, returnable, or nonhazardous and safe for disposal.

Join the community, find tools, and talk to experts. Visit the HP Latex Knowledge Center at https://hplatexknowledgecenter.com/

Dynamic security enabled printer. Only intended to be used with cartridges using an HP original chip. Cartridges using a non-HP chip may not work, and those that work today may not work in the future. More at: http://www.hp.com/go/learnaboutsupplies

<sup>1</sup> Whitest white based on ISO/DIS 23498 compared to competitive alternatives using solvent and UV technologies under \$50,000 USD as of May, 2020. Test performed on black opaque self-adhesive vinyl (1\*:4.16 – a:0,48-b:2,34) with 160% UF printmode using HP 873 3-liter White Latex Ink Cartridge. Visual opacity = 91%.

Outdoor mode (Banner) 4-pass, 100%. Based on internal HP testing in September 2020 on Avery 3001. Print speed may vary due to the adaptive printing mechanism to avoid image quality defects.

<sup>&</sup>lt;sup>3</sup> HP Latex Inks were tested for Hazardous Air Pollutants, as defined in the Clean Air Act, per U.S. Environmental Protection Agency Method 311 (testing conducted in 2013) and none were detected.
<sup>4</sup> There is a broad set of media with very different odor profiles. Some of the media can affect the odor performance of the final print.

<sup>&</sup>lt;sup>5</sup> The ink cartridge outer carton is 100% recyclable through local cardboard/paper programs. See http://www.hp.com/go/mediasolutionslocator.

Most HP large format paper-based printing materials can be recycled through commonly available recycling programs, or according to region-specific practices. Some HP media are eligible for return through the free, convenient HP Large Format Media take-back program. Programs may not exist in your area. See http://www.HPLFMedia.com/hp/ecosolutions for details. HP large format printing materials, both unprinted and printed with Original HP Latex Inks, are non-hazardous and safe for disposal. Contact your local waste management authority for local area-specific instructions.

4UV97A	HP 836 Light Cyan/Light Magenta Latex Printhead
4UV98A	HP 836 Overcoat Latex Printhead

### Original HP large format printing materials

- HP PVC-free Wallpaper (UL GREENGUARD GOLD Certified<sup>6</sup>, FSC® certified<sup>7</sup>, meets AgBB criteria<sup>8</sup>) HP Photo-realistic Poster Paper HP Premium Satin Canvas
- HP Prime Matte Air GP (REACH compliant<sup>9</sup>)
- HP Premium Removable Gloss Adhesive Vinyl (REACH compliant<sup>9</sup>)

For the entire HP Large Format Printing Materials portfolio, please see HPLFMedia.com.

#### Service and Support

- U13DDE HP 2 year Next Business Day with Defective Media Retention
  U13DJE HP 3 year Next Business Day with Defective Media Retention
  U13DNPE HP 1 year Post Warranty Next Business Day with Defective Media Retention
- U13DTPE HP 2 year Post Warranty Next Business Day with Defective Media Retention

### ECO highlights

- Inks do not use reactive monomer chemistry, are ozone-free, and meet the ZDHC standard <sup>1</sup> Can win new business with odorless prints, UL ECOLOGO®/UL GREENGUARD Gold Certified ink, and more
- High-volume 3-liter HP Eco-Carton ink cartridges—carton-based design significantly reduces plastic

#### Please recycle printing hardware and eligible printing supplies and prints. Find out how at our website: http://www.hp.com/ecosolutions

<sup>1</sup> See http://www.roadmaptozero.com. Printing with HP Latex Inks avoids the problematic reactive monomers associated with UV printing. Acrylate monomers present in uncured UV inks and Uv-gel inks can damage skin.

There is a broad set of media with very different odor profiles. Some of the media can affect the odor performance of the final print. For certifications, see http://www.ul.com/EL and http://www.ul.com/gg.

For more information, please contact your local Lindenmeyr Munroe sales representative.

<sup>&</sup>lt;sup>1</sup> Print speeds may vary due to the adaptive printing mechanism to avoid image quality defects.
<sup>2</sup> The color variation between printed jobs has been measured at 12 pass mode on vinyl media. Reflective measurements on a 943 color target under CIE standard illuminant D50, and according to the standard CIEDE2000 as per CIE Draft Standard DS 014-6/E:2012.5% of colors may experience variations above 1.5 dE2000. Backlit substrates measured in transmission mode may yield different results.
<sup>3</sup> Wiper roller is an optional accessory.

<sup>4</sup> Automatic horizontal cutter is for use with thinner banners and canvas only. It is recommended to perform a test.

Textile Kit Accessory required for long runs of textile and porous textile.

Textile Kit Accessory required for long runs of textile and porous textile.

GUL GREENGUARD GOLD Certification to UL 2818 demonstrates that products are certified to UL's GREENGUARD.

standards for low chemical emissions into indoor air during product usage. For more information, visit http://www.ul.com/gg or http://www.greenguard.org.

7 Trademark license code FSC-C115319.

<sup>8</sup> With HP Latex Inks, prints meet AgBB criteria for health-related evaluation of VOC emissions. See http://unweltbundesamt.de/en/topics/health/commissions-working-groups/committee-for-health-related-evaluation-of-building.

9 This product does not contain substances listed as SVHC (155) per Annex XIV of the EU REACH directive

published as of June 16, 2014 in concentrations exceeding 0.1%. To determine the status of SVHC in HP products, see the HP REACH Declaration published at HP Printing Products and Consumable Supplies.
